

VIOLENT CANNONADING ON TWO FRONTS, MAY PORTEND NEW DRIVE

HEAVY FIGHTING OPENED IN ITALY INTENSE BOMBARDMENT OPENED BY GERMAN GUNS SEDITION BILL APPROVED BY UPPER HOUSE LONG EXPECTED DRIVE BY ENEMY IMMINENT THREE-BILLION MARK IS PASSED

On Entire Front From Adriatic Sea to Giudicaria Valley in the North.

REPORT IS SIGNIFICANT

Austrian Emperor, Chief of Staff and German Military Representative Go to Front.

FOURTEEN MORE AUSTRIO-GERMAN PLANES BAGGED

International News Service. Rom, May 4.—Fourteen more Austro-German aeroplanes have been shot down on the Italian front, the war office announces.

Vienna, Friday, May 3 (via London, May 4).—Heavy fighting along the whole Italian front between the Adriatic and the Giudicaria valley in the north is reported in today's official statement.

Emperor Goes to Front. Amsterdam, May 4.—A Vienna dispatch today says: "The emperor yesterday started for the front, accompanied by the chief of staff, Field Marshal Arz von Straussenberg, and the German military representative, Maj.-Gen. Cramon."

The absence in the foregoing dispatch of reference to a specific front makes it appear probable that the Italian front, the scene of Austria's major activities at present, is meant. The announcement of the visit, therefore, seems significant in view of the official announcement from Vienna reporting heavy fighting along the whole Italian front.

The statement follows: "The fighting activity again increased to considerable violence yesterday along the whole Italian front between the Giudicaria valley and the Adriatic."

An Austro-German offensive on the Italian front has been predicted as part of the plan of the central empires for a heavy campaign in the hope of obtaining a decision in the next few months. It has been expected such an attack would be launched while the British and French were occupied with holding their line in Flanders and France. Whether such an operation is under way or not is not clear, but the Austrian announcement, which may refer to artillery fighting and does not indicate on which side the initiative has been taken. The territory between the Adriatic and the Giudicaria valley, which comes down just east of the Adolfo region and skirts along the west shore of Lake Garda, takes in both the Plave and the northern mountain fronts, embracing most of the fighting line practicable for military operations on a large scale.

The McCallie relay team, which won this event, was composed of Tallafiero, Williams, Marshall and Hartford. Jack Marshall scored 7 individual points, taking second place in the broad jump and shot put, and third place in the 220-yard dash, besides running a fast lap in the relay.

TURKS CROSS JORDAN BUT REPULSED BY BRITISH

(Associated Press.) London, May 4.—Turkish forces in Palestine, which crossed the Jordan river on Thursday, made an attack on a British position and were repulsed, the war office announces. On the following day they again attacked, having received considerable reinforcements and were beaten off with heavy losses. The British took 314 prisoners.

On Flanders Front From Locre to South Ypres British Improve Positions in Minor Operations on Lys Salient—French Take Prisoners.

(Associated Press.) London, May 4.—An intense bombardment was opened by the Germans early this morning on the Flanders front from Locre to the south of Ypres. There is great activity also in the sector between the forest of Nieppe and Meteren, the war office announces.

The British slightly improved their position in a minor operation near Hinges, on the southerly side of the Lys salient, while on the northern front the French carried out a local enterprise in which prisoners were taken in the Locre sector.

The statement reads: "We improved our position slightly last night by a successful minor enterprise north of Hinges and captured machine guns."

"A successful local operation in which several prisoners were secured by the French troops was carried out in the Locre sector."

"Early this morning the enemy's artillery opened an intense bombardment of the French and British positions from the neighborhood of Locre to the south of Ypres and has shown great activity in the forest de Nieppe-Meteren sector."

AMERICAN AND GERMAN AIRMEN FALL IN FLAMES

Thrilling Pitched Battle Above Toul Front Watched by the Doughboys From Trenches.

(International News Service.) With the American Army in France, May 4.—In a thrilling pitched battle above the front northwest of Toul the machine of the American army, the German opponent both fell in flames.

Chapman falls from Waterloo, Ia. He and four other American pilots were patrolling near the front on Friday morning. They had made one trip and were on their second when they spied silver specks high in the sky. These specks, they knew at once, were German airplanes. Our planes mounted above the enemy, who had apparently failed to see the Americans. Then the Americans dived downward, their machine guns spouting fire. Chapman cut off a German single seater and pursued it across the line. The machine guns on both planes were going when both were seen to fall, having started fires.

The Americans swooped about and started home pursued by the Americans. Four of the five American planes returned safely.

The doughboys watched the fight from their trenches.

ENTHUSIASTIC OVER AMERICAN SOLDIERS

(Associated Press.) London, May 4.—Premier Lloyd George, who has returned from his visit to France, in which he attended the sessions of the supreme council and went to the front, spoke enthusiastically today of the American troops.

"A good number are already there," said Mr. Lloyd George. "Many more will pour in steadily during the rest of this month. The French who saw their fighting in the battle lower down the line said they were first-class fighting material, full of courage and resource and all very keen."

BOMB EXPLOSION IN CHICAGO JAIL SERIOUS

(Associated Press.) Chicago, May 4.—A bomb explosion in the county jail this afternoon injured several prisoners. The explosion was said to have been a detail of a jail delivery plot. The prisoners made a desperate attempt to escape but were eluded into submission by the guards. Policemen on motorcycles arrived and completed the restoration of order. Among the prisoners are 112 members of the L. W. W., who are on trial in the federal court. There was no session of court this afternoon.

TURKS REFUSE PEACE

Settlement Offered by Bulgaria Not Received.

(International News Service.) Paris, May 4.—Turkey refused the peace settlement advocated by Premier Radoslawoff, of Bulgaria, ceding Karagatch and the lower Maritza valley provided Turkey does not submit further compensatory demands for Balkan territory that Bulgaria may win. The plan was of German origin.

Senate Agrees to Conference Report and Measure Goes to House for Concurrence.

Washington, May 4.—Protracted controversy in the senate over the sedition bill providing severe penalties for disloyal acts and utterances and those interfering with liberty loans and the army draft ended late today in adoption of the conference report on the measure by a vote of 47 to 27. Approval of the conference agreement by the house next week will send the bill to President Wilson.

Opponents of the measure who have contended that freedom of the speech of the press would be curtailed lost their fight to strike out a clause giving the postmaster-general authority to withhold mail believed to violate the espionage laws and to restore the France amendment exempting from the law truthful statements made with good motives.

BRITISH LOSSES SINCE MARCH 21 NEARLY 250,000

Washington, May 4.—British losses in men killed, wounded, captured and missing on the western front since the German offensive began, March 21, are estimated here at nearly 250,000.

The situation was summed up in this manner: "The casualties in the British army are emphasized by the German wireless. * * * Although figures from German sources would be undoubtedly much exaggerated, the fact that the entire combatant forces of the British army have been almost continuously engaged that the British losses in proportion to reinforcements immediately available must be very heavy. It is probable that one would be approximately accurate in quoting these as close on a quarter of a million."

"Everything points to the German offensive being continued almost immediately and should the brunt of the attack again have to be borne by the British the situation will be undoubtedly serious, unless sufficient troops are available close at hand in reserve to strengthen the line. * * * Should the Germans determine again to attack in Flanders it is certain that any advance in the direction of the channel ports will be made at great cost to themselves and over the bodies of the British army."

Huns' Losses 400,000

150,000 Slightly Wounded Will Return to Front; 650,000 in Reserve.

(International News Service.) Paris, May 4.—The German losses in the recent offensive are estimated at 400,000 by the correspondent of the Matin who is at the front. German reserves are placed at 650,000. More than 160,000 were only slightly wounded and will be able to return to the firing line.

The class of 1920 will provide 450,000 by autumn. This will be possible for the Germans to repeat the offensive on the same scale only once more.

FRENCH PUT LONG-RANGE BERTHA OUT OF ACTION

(Associated Press.) Paris, May 4.—News has just been received from the front that a French gun made a direct hit yesterday on one of the long-range German cannons with which Paris is being bombarded and put it out of action.
